Section 8 William F. Cotter, Frank Goglet and Charles Starr, The club officers at present are William F. Cotter, president; Charles Hill vice president; Samuel Lyman, secre-tary; Ray Smith, financial secretary; Frank M. Lincoln, treasurer.

The Origin of the T. C. C. The Thread City Cyclers, only survivor of the numerous bicycle clubs or-ganized in Eastern Connecticut dur-ing the height of the bicycle riding in the nineties, originated May 24, 1882, when a few of the then handful of bicycle riders in Willimantic met in the studio of C. H. Townsend, who in the studio of C. H. Townsend, who was one of the pioneer cyclists of this section, and formed a bicycle club named the Thread City Cyclers.

The officers elected were: C. H. Townsend, president and captain; D. E. Abel vice president; W. P. Jordan, treasurer; G. E. Hinman, secretary; C. J. Royce, first lieutenant, and G. H. Parrett, second lieutenant. The other charter members were C. C. Palmer, B. L. Hicks, C. A. Henry, F. A. Bugbee, Sam Adams, L. E. Lincoln, R. H. Staples and G. E. Boss.

In October, 1893, the club was reorganized and elected W. P. Jordan, president; I. A. Bissell, secretary, and B. L. Hicks, treasurer, the latter serving continuously until 1907. The headquarters remained in the Atwood block until January, 1895, when the club re-

quarters remained in the Atwood block until January, 1895, when the club removed to its present quarters in the Jordan block. Up to the time of this removal, the club was a purely wheeling organization, devoting most of its attention to club runs, track and road racing, and the promotion of good streets and roads, the first state high-

streets and roads, the first state highway improvement in this town being made largely through its efforts.

The presidents of the T. C. C. have been as follows: C. H. Townsend, 1892; W. P. Jordan, 1892; E. Frank Bugbee, 1894-95; L. L. Keigwin, 1896; W. P. Jordan, 1897-98; G. E. Hamlin, 1899-1900; L. J. Nothing Doing for Trout Fishermen-Rev. Eli Dewhurst's Long-Time Weather and Crop Records.

Trout fishermen are meeting with but little success in this section. No large little success in this section. No large creels have been reported. Out of the considerable number of trout streams only a few. like Broad Clark's and Havey's were not affected by the very dry weather last fall. A party of coon hunters, some of whom are fishermen, covered considerable of the country south and east of the borough on several different nights last fall, and in course of the hunt crosed the bed of no less than four somewhat famous and hitherto productive trout steams, all dry as the proverbial hone. The fishermen's luck proves the truth of their statement that it is of no use to fish a brook today that was a bed of dry sand for several months last summer and fall. Mrs. J. E. Phillips, Mrs. A. M. Brown

and Mrs. A. G. Brewster were recent visitors in Providence. Mrs Evelyn Roberts was in South Windham Saturday and Sunday, the guest of Mr. and Mrs. John Wood-Kent Valuable Records.

Among the many matters to which the late Rev. Eli Dewhurst gave much Among the many matters to which the late Rev. Eli Dewhurst gave much of his time and attention one was the study of the weather. For more than thirty years he kept a record of the rainfall and the daily thermometer readings, together with other climatic conditions which were in any way out of the ordinary, all of which he regularly sent to the government weather official in Bosbon. He was the first one in this section to receive the daily weather map from Boston. He was acquainted with Forecaster Smith and through him secured a fine rain gauge, the records of which could be had by anyone. His list of agricultural records is most valuable. They show back for over a quarier of a century what crops have thrived in certain years, what seasons have been dry or otherwise, together with other data of value to farmers.

Coffee vs. The Boy

This is a story of a youngster who suffered so badly from the effects of coffee-drinking, that Dr. J. N. Hurty, Secretary of the State Board of Health of Indiana, had to take a hand. The Indianapolis NEWS published a long account of the case-the news (?) went forth

From these reports we quote-

"An eleven-year-old boy (Roy Schoolman) of Indianapolis had to be forcibly taken from school and given treatment. The constant use of coffee, it developed, had enfirely changed the boy's happy, bright disposition to one of nervousness, with morose spells, when he attempted to fight everyone within reach. He was watched and his extreme addiction to coffee was discovered. One effect of the coffee is said to have been to deaden the brain faculties, changing the victim from an eager learner to a stupid school dunce, and a little later versing upon insanity. Since the coffee has been stopped physicians report that he is now resuming his normal mental tone." resuming his normal manual tone.

Why marvel? Is this news to thoughtful people?

and papers throughout the country have given it much publicity.

For fifteen years we have preached the harmful effects of coffee upon head, heart and nerves. Almost every day letters are received just as conclusive and impressive as this case. More than a thousand letters were received in one month from people all over the country with various ills BEFORE they changed from coffee to POSTUM, and who either entirely recovered or were much benefited.

That coffee IS HARMFUL to many even in moderate quantity is an old, old truth, and that it is dangerous when used to excess has also been time and again proven, All of which proves to even a casual thinker that for
